

Tennessee Association of Nurse Anesthetists

October 24-25, 2020

TANA is sponsoring a **virtual** symposium as part of the TANA 83rd Annual Meeting for the dissemination and discussion of the scholarly work of SRNAs, CRNAs and anesthesia Faculty in the state of Tennessee on October 24-25, 2020.

You are invited to submit a poster that advances scientific and clinical understanding, and presents or advances new ideas on any topic in the entire spectrum of the art and science of Nurse Anesthesia

Poster Submissions

You may submit your poster for "viewing only", or posters can be presented in an interactive format to allow authors to exhibit and discuss their work in progress or completed work. SRNAs are especially encouraged to submit posters for presentation. This **virtual** session is designed to foster a collegial environment where CRNAs, SRNAs, and Faculty from across the state can discuss their research and make or renew relationships to help foster collaboration even though we cannot be together in person!

General Requirements

Posters must be original work - group work is acceptable. There must be a CRNA, SRNA or anesthesia Faculty member within the state of Tennessee included on the poster. The title of your poster should be short to attract attention.

Size

All posters must be submitted in a PDF format, uploaded to the registration form. **Optional:** You will also have the ability to submit a 3-5 minute video in addition to your poster.

Abstract

Your abstract must have your name, school, and email listed at the top left page. Please do not use bullets; complete sentences are required. If you use acronyms, they must be defined with first use. A disclosure statement is, also, required. Limited to one page maximum, single spaced. See further instructions in the submission registration form.

Prizes

All participants will be entered into a drawing to win cash prizes for your poster submissions! The posters will not be judged this year.
